Graduated in 1983 from LSU with a Bachelors' degree in Construction Management and Technology.

Earned Louisiana State Water Operator Certification certificates in the classifications of Production IV, Treatment IV and Distribution IV.

Employed with the Baton Rouge Water Company since 1984 in the Water Production Department. Currently in the position of the Water Production Manager, responsible for overall water production facilities including ground water sources, water quality, production efficiency evaluation and SCADA operations.

Current Chair for the Southwest Section of the American Water Works Association (AWWA), which represents water utilities and personnel from Arkansas, Louisiana and Oklahoma. Has served the section in the past as Chair-Elect, Vice-Chair and twice as the Louisiana Deputy Trustee and the Louisiana Trustee and has maintained member since 1998.

Past Chair of the AWWA Southwest Section Water Utility Council which evaluates and responds to legislative and regulatory matters which directly affect water utilities. Service to the council included participating in three Washington DC Fly-in's.

Served as the Local Host Chair for the 2006 AWWA Southwest Section Annual Conference and Exposition held in Baton Rouge.

Current member of the Louisiana Conference on Water Supply, Sewerage and Industrial Wastes, Inc., an organization serving water and wastewater operators in Louisiana. Currently serving as the Safe Drinking Water Coalition Representative and Chair of the Scholarship Committee. Has served in the past as Secretary–Treasurer and as Chair of the Capital Region.

Currently serving on the Louisiana Committee of Certification since 2006.

Has served as one of the Louisiana State Water Operator Certification class instructor for the Louisiana Rural Water Association since 2001.

Currently serving second term on the Capital Area Ground Water Conservation Commission, a commission addressing water use issues in the five Parish area around Baton Rouge, as a Commissioner appointed by the Governor. Current Chair of the Commission's Technical Committee.
